
a
Round 4 of 27
In this round, 10 new sticks were drawn, with random values between 1 and 100.
Sticks are ordered (left to right) by height.
The tallest 3 are covered.
8 15 23 31 44 52 67
Please enter your guess for the average stick length of all 10 sticks (including the ones that are covered).

b
Round 12 of 27
In this round, 10 new sticks were drawn, with random values between 1 and 100.
Sticks are ordered (left to right) by height.
The shortest 3 are covered.
31 44 52 67 74 88 96
Please enter your guess for the average stick length of all 10 sticks (including the ones that are covered).
